

JOHNSON'S JERSEYS

COLLEGIATE COLLECTOR NEWSLETTER

THE OPENING FACEOFF... NEW ARRIVALS

Halloween Trick or Treat!?! We think you'll agree after reviewing this addition of the newsletter, there's no trick, we've only loaded it with TREATS! More than 70 new arrivals since our last edition, and there is something for everyone. Jerseys in this edition are from the NCHC, Hockey East, CCHA, BigTen, ECAC, Atlantic Hockey, CHA, some defunct teams, as well teams playing within the independent lifestyle. Some of the jerseys were worn as far back as 1990 and others as recently as 2024. Looking for a clean, crisp, new game issued jerseys? Got it. Looking for a jersey that is absolutely pounded with 30+ repairs? Got it. (Surprisingly, it's NOT a vintage jersey.) Captains' jerseys... Frozen Four jerseys... Anniversary / Memorial patches... NHL drafted players... Bench warmers... A Hobey Baker award winner... Check. Check. Check. Check...

We could go on and on, but we think you will agree this is one of the most diverse group of jerseys we've ever had arrive in such a short period of time. A few teaser photos are below, but you can review the last page for a complete list of all the new arrivals with details and prices. Enjoy the treats and Happy Halloween!

TIMEOUT FOR COACHING... HOW TO RESEARCH AN UNKNOWN JERSEY

One of the challenges of buying a jersey collection or taking a group of jerseys on consignment is that we are not always given an inventory list of when a certain jersey was worn, who wore it and other key details about its history. Figuring that out can be challenging but is also an enjoyable part of the game worn jersey hobby. This process might include racking my brain for random facts, checking old notes, chatting with fans, browsing through programs / yearbooks, reaching out to other collectors, and of course let's not forget a thorough inspection of the jersey itself for clues about its history.

This month I would like to share one of those examples of an unknown St Lawrence Univ Saints jersey we acquired and how we stepped through the research process. Before getting started, I would like to give a big "THANK YOU" to fellow collegiate collector, Bob Freego, who earned a primary assist on this one with his extensive knowledge of Saints jerseys and collection of SLU print media.

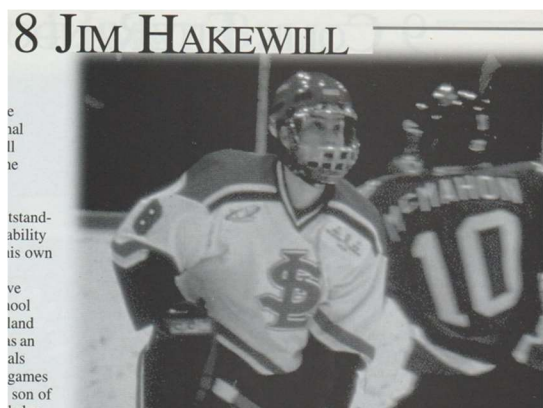

So, we have a St Lawrence Saints jersey by CCM in size 54 displaying the #8. We can see a stitching outline from one former nameplate on the inside of the jersey, below the shoulder yoke seam and just above the back number. The nameplate was wider than the number. As we try to bracket the possible years for this jersey, this style of CCM neck tagging started showing up in the late 1990s. The ECAC "oval" patch on the front lasted until 2006 / 2007 depending on the team. Further reducing the range, Bob noted that the CCM logo first appeared on the back hem for SLU in 2001.

Often research is guided by what has been removed and is no longer present on the jersey. This might be a captain's letter, multiple nameplates, an old conference logo or in this case a huge rectangular patch, about 6" wide and 2.5" high, that had been sewn on the left chest. Knowing we were in the range of maybe 2001-07 Bob started digging through programs and yearbooks. It didn't take him long to find the first big clue. He first located an image of a rectangular 9/11/01 memorial patch that fit the time range and seemed to be about the right size.

After a little more searching, Bob hit the jackpot with an image from the 2002-03 SLU hockey yearbook showing the #8 jersey with a large patch on the left chest. It shows Jim Hakewill in his only series versus North

Dakota (December 14-15, 2001). So, while the final season this jersey was worn is still debatable, we confidently identified this as the 2001-02 season jersey of Calgary Flames draft pick, Jim Hakewill. It was likely was worn at least one more season, thus the removal of the patch, but further research would be needed to try and photo match it to some of the wear that is present on the jersey today.
